## Park Use Agreement

### **PURPOSE:**

The primary consideration of this agreement is to maximize facility usage and best serve the community while maintaining the quality of the parks and facilities. The Recreation Department will make every effort to accommodate each request.

This agreement creates a standardized approach to park and sports field allocation and fee assessment for all users. It also describes specific rules and regulations governing the use of sports fields and park spaces owned or maintained by the Village of Mahomet.

It is possible that a group or individual may not receive all the time it requests due to other groups requesting the same times and spaces. It may be necessary for non-Recreation Department groups to adjust game and practice scheduling based on facility availability.

All information requested on the application form must be filled out completely and additional information included with the application. This information is vital for staff to provide important information to the public, in making responsible decisions on field allocation, improvement projects, and also help justify future budget requests for additions.
